Gentleman,

We thank you for giving us the opportunity to present you with Vent Axia fans – UK.

Vent - Axia are leading manufacturers and suppliers of heating, ventilation and air conditioning systems, both in the UK and around the world. For over 75 years, Vent - Axia have led the industry in air ventilation products, systems and services. In the UAE we have top prestigious references that date back to over 30 years ago with all satisfied customers, and pleased to say with not one exception.

Vent Axia also pride themselves in supplying their complete ventilation products from the factory in the UK. Vent Axia manufactures both their fans and their motors 100% in their factories in the UK. Vent Axia also takes pride in not only complying fully to all the UK strict legislations and regulations pertaining to the ventilation and energy codes and requirements, but also in being most up to date with the latest new regulations as well. Locally in the UAE, Vent Axia are also in full compliance to all the local standards pertinent to the UAE, including the strict codes of low energy requirement of Estidama which Vent Axia fully complies to.

Vent Axia also prides themselves in being a single source fans supplier for both the Domestic fans range as well as the industrial fans range. Vent Axia are also continuously introducing new range of fan products to the market which compliments their traditional well proven products.

Vent Axia was granted the warrant by HM the Queen in 1985 with the legend: Suppliers of Unit Ventilation Equipment to the Royal Households. Royal warrants are a mark of recognition to people or companies who have regularly supplied goods or services for at least five years to certain members of the Royal Family.

We look forward to the opportunity of providing you with our premier Vent Axia fans range of products on your valued projects.

Remain Truly Yours,

**Aslan Al-Barazi,
Managing Director-IMEC.**
